

# ChemCareers India 2015

## ChemCareers India 2015, Hindu College University of Delhi. FREE EVENT REGISTER ON THE SPOT

28 March 2015, Delhi, India 📅

---

### Event summary

The objective of organising this fair is to provide students an opportunity to learn about prospective employers, receive expert advice from professionals and gather information on career options. At the same time it's an opportunity for industries to tap into a wider chemical sciences pool, from graduate students to research scholars and strengthens their brand awareness among students.

ChemCareers India was the first to take place outside of the UK and was held at the Indian Institute of Chemical Technology in Hyderabad. ChemCareers will soon be launched in China and Brazil.

Highlights for ChemCareers Delhi 2015 will be

- Many companies and universities will participate
- Industry partners included DAIICHI SANKYO, NESTLE, DABUR, TEVA, IIT DELHI and C:DRIVE
- Interactive presentations, Panel discussions, and workshops on finding the best jobs.
- No registration fees for students
- All students attending the event receive a free RSC Membership worth Rs. 1800 - each
